PROFESSIONAL SUMMARY

Motivated **M.Sc Computer Science graduate (2025)** with hands-on experience building full-stack web applications using the MERN stack (React.js, Node.js, Express.js, and MongoDB). Developed projects including a real-time chat application, farmer-to-customer marketplace, and an e-commerce platform. Skilled in RESTful API development, JWT authentication, and modern web technologies. Seeking an opportunity to contribute to a development team and grow as a software developer.

TECHNICAL SKILLS

- **Frontend:** React.js, JavaScript (ES6+), HTML5, CSS3, Bootstrap
- **Backend:** Node.js, Express.js, REST API Development, Middleware Design
- **Databases:** MongoDB, MySQL, Database Schema Design, MongoDB Atlas
- **Auth & Security:** JWT Authentication, bcrypt, Protected Routes
- **Tools & Platforms:** Git, GitHub, Postman, VS Code, Vercel, Render, MongoDB Atlas, Clever Cloud

PROJECTS

Farmer-to-Customer Marketplace

React.js, Node.js, Express.js, MySQL, Vercel, Render, Clever Cloud

- Built a web marketplace that connects farmers directly with customers, enabling direct product sales without intermediaries.
- Designed a relational database schema for farmers, customers, products, and orders using MySQL.
- Developed RESTful backend APIs for product listing, inventory management, and order processing.
- Integrated the React.js frontend with the Express.js backend and deployed the full-stack application on Render.

Real-Time Chat Application

React.js, Node.js, Express.js, MongoDB, Socket.IO

- Developed a real-time chat application enabling instant messaging between users using WebSocket technology.
- Implemented secure user authentication with JWT and bcrypt for login and registration.
- Designed MongoDB schemas to store user data and chat messages.
- Integrated React frontend with Node.js and Express backend for seamless messaging functionality.

E-Commerce WebSite

React.js, Node.js, Express.js, MongoDB, JWT

- Developed a MERN e-commerce platform featuring product listings, shopping cart, and order management.
- Built 10+ RESTful API endpoints covering authentication, product CRUD operations, and order processing.
- Implemented JWT authentication with bcrypt password hashing and protected routes for secure access control.
- Deployed production-ready application with MongoDB Atlas cloud database integration on Vercel.

EDUCATION

S.M.S College of Arts and Science

M.Sc Computer Science

Tamil Nadu

2023 – 2025

- Percentage: 73.63%

S.M.S College of Arts and Science

B.Sc Computer Science

Tamil Nadu

2020 – 2023

- Percentage: 72.49%

CERTIFICATION

- Fullstack Development (MERN) —Anjana Infotech, Rajapalayam
