Professional Summary

MERN Stack Developer experienced in building full-stack web applications using React.js, Node.js, Express.js, and MongoDB. Skilled in REST API development, JWT authentication, and integrating frontend with backend services. Experienced in responsive UI development and deploying applications using Vercel and Netlify.

Technical Skills

Frontend: React.js, JavaScript (ES6+), HTML5, CSS3, Bootstrap

Backend: Node.js, Express.js, REST API Development

Databases: MongoDB (Atlas), MySQL

Authentication: JWT, bcrypt

Tools: Git, GitHub, Postman, VS Code

Deployment: Vercel, Netlify

Projects

E-Commerce Web Application

Tech Stack: React.js, Node.js, Express.js, MongoDB

- Built a full-stack e-commerce platform with product listing and cart functionality.
- Developed 10+ REST APIs for user, product, and order management.
- Implemented JWT authentication with protected routes.
- Deployed application using Vercel with MongoDB Atlas.

Farmer-to-Customer Marketplace (Location-Based)

Tech Stack: React.js, Node.js, Express.js, MySQL

- Built a location-based marketplace connecting farmers with customers.
- Implemented region-based product filtering.
- Designed relational database schema for farmers, customers, and orders.
- Developed REST APIs for product listing and order management.

Secure Authentication System

Tech Stack: React.js, Node.js, MongoDB

- Developed secure login and registration system.
- Implemented password encryption using bcrypt.
- Built middleware for protected routes and authorization.

Education

MSc Computer Science

S.M.S College of Arts and Science, Tamil Nadu

2023 – 2025

BSc Computer Science

S.M.S College of Arts and Science, Tamil Nadu

2020 – 2023

Certification

MERN Stack Development Certification — Anjana Infotech, Rajapalayam
